GROUP 260

Sir:

Attached please find the Official Filing Receipt in connection with the above-identified application, wherein it is noted that the serial number, filing date, and patent number of the first application should read as follows: 06/368,162 4/14/82 PAT 4,482,985. The serial number of the second application should read 06/562/969, and the filing date should be 12/19/83, and it should be abandoned. The filing date of the foreign application should be 12/17/82.

Accordingly, it is respectfully requested that a corrected Filing Receipt be issued indicating the first application to read correctly as 06/368,162 4/14/82 PAT 4,482,985, the second application correctly as 06/562,969 12/19/83 Abandoned. The correct date of the foreign application should read 12/17/82.

Yours very truly,

ANTONELLI, TERRY, STOUT & KRAUS

TITLE
SEMICONDUCTOR INTEGRATED CIRCUIT

PRELIMINARY CLASS: 324

LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "FOREIGN FILING LICENSE GRANTED" followed by a date appears on the reverse side of this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). This license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license has been granted under 37 CFR 5.13.

This license is to be retained by the licensee and may be used at anytime on or after the effective date thereof unless it is revoked. This license is transferrable to any related application(s) filed under 37 CFR 1.62 which meet the provisions of 37 CFR 5.15(a)(4). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations, especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR, Parts 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "FOREIGN FILING LICENSE GRANTED" DOES NOT appear on the reverse side of this form. Applicant may still petition for a license under 37 CFR 5.12 (b), if a license is desired.
